SALTO XS4 One

Security Tech Germany

NEW ZEALAND'S MOST TRUSTED COMMERCIAL PADLOCK

Industry Proven for Reliability | Years of Service | Australian Standard TESTED

With the largest range of options & accessories available, custom etching or embossing & Australian Standard Certified it's no wonder the ABUS 83/45 & 83/50 are the locksmiths' padlock of choice. The standard applies to padlocks used in conjunction with padlock fittings. Requirements that relate to;

- **PHYSICAL SECURITY** is classified under 10 levels, based on performance tests that simulate attack. The security rating is based on the lowest test result achieved.
- **CORROSION RESISTANCE** is classified under 5 levels, based on standard accelerated corrosion tests.

ABUS 83/45

PHYSICAL SECURITY RATING SP6

CORROSION RESISTANCE RATING C4

ABUS 83/50

PHYSICAL SECURITY RATING SP6

CORROSION RESISTANCE RATING C4

Your customers can rest easy knowing their ABUS 83/45 and 83/50 padlocks are Australian Standard Certified, as requested by many commercial insurers & Government Depts. Just another reason why ABUS is the locksmiths' padlock of choice.

AUSTRALIAN STANDARD CERTIFIED AS 4145.4 2002 - Part 4: PADLOCKS

CARLAB AVAILABLE ACROSS MULTIPLE PLATFORMS

CarLab is your ultimate resource for everything automotive and is now available across multiple platforms.

Designed and maintained in house by the LSC Technical support team there are currently over one thousand vehicle models listed. Information includes vehicle model, transponder details, diagnostic programming, hints & tips and remote programming information all of which is specific to the vehicles in our region. The accurate up to date information collated in CarLab negates the need to search across multiple and often conflicting online resources.

Access to CarLab is available in both

WEBSITE COMING SOON

NEW

We're pleased to announce the imminent launch of our new e-commerce website.

Security professionals can look forward to a host of new-and-improved features such as category drop-down menus (for enhanced site navigation), a souped-up search function and faster page load speeds.

Many of our customers are on the road all-day, every-day. Recognising this, our new site is designed to offer users a seamless experience regardless of their chosen device – be that a mobile phone while on site or a laptop when you're back in the office.

With over 18,800 products already online, we look forward to growing our range and expanding our site functions to further streamline the shopping process for our customers.

With lsc.co.nz we work to meet the needs of our customers with a host of industry-leading features including:

Powerful new search engine

Massive library of catalogues and resources

Product filtering capabilities by a range of specification or attribute

Detailed product specifications, pricing and stock levels all on one page

Robust self-service user maintenance tools

View invoices and order history

Online training designed to boost your knowledge with TechEd

CarLab, your ultimate resource for everything auto just got better

Updated dashboard for simple account management

Find the right product quickly with in-search product suggestions

New mega-menu for improved navigation

HOW TO REGISTER AS A NEW USER FOR OUR WEBSITE

Pricing and stock details are only available to registered users.

Follow the steps below to register as a user on our new website:

Step 1

Click **“login”** in the top right-hand corner of the page.

Step 2

A pop-up will appear. Select **“click here to apply”**.

Step 3

Fill in your customer details* in the form and create a secure password. Hit **“register”**.

Step 4

You should receive an automated email shortly after you submit the form with your login details.

*Your LSC account number can be found on the top left-hand corner of your most recent statement or invoice.

HAPPY CUSTOMERS

ARMSTRONGS (CHRISTCHURCH)

Wayne Fisher, Owner of Armstrongs Christchurch is pictured here with the most powerful Automotive Diagnostic tool, the SMART Pro!

Thanks Wayne and congratulations on you purchase.

KERIKERI LOCKSMITHS

Don Wilson of Kerikeri Locksmiths is pictured here, happy as a clam with his new Silca Futura Pro and Advanced Diagnostics SMART Pro.

The good people of the Far North can now rest easy knowing that Don will look after all their Locksmithing needs. Thanks Don and enjoy your new toys!

LOCKWISE

Congratulations to Roger Bailey who recently purchased Goddard Security from Fraser and Margaret Burns.

Here is a photo of the shop front with Roger and staff member Patrick Cantwell.

LONG-LIFE DOOR TECHNOLOGY SOLUTIONS

Whether for private homes or contemporary office buildings, door closer systems from dormakaba are intelligent, integrated access solutions that combine consistency, convenience, design and premium quality.

TS83 EN3-6 Door Closer TS8300

Decades of experience have gone into the development of the Dorma TS 83 door closer. The result is user convenience coupled with outstanding versatility. It can be adjusted to suit almost all types of door. The Dorma TS 83 can even be supplied with additional anti-corrosion protection for exposed applications or aggressive conditions.

TS73 EN 1-4 Door Closer TS7300V

Specifically for interior doors - also fire and smoke protection doors, the Dorma TS 73 proves to be the universal solution for doors of different design and construction. Due to the extremely flat, compact design, there are virtually no installation problems. Tried and trusted quality is your assurance of reliability.

TS68 EN2-4 Door Closer TS6800

The Dorma TS 68 door closer is particularly quick and easy to install. The closer arm's power shoe and changes in template position allow easy selection of the closing force to suit various door sizes. Further its minimal body projection when installed on the pull side enables doors to open to greater angles when close adjoining walls are a concern.

E-PLEX DIGITAL LOCK

The E-Plex range of digital locks has long been a favourite amongst installers and users alike, and for good reason. This robust range of locks has been designed to withstand heavy duty use, and is a popular choice for store room doors and busy pedestrian thoroughfares.
