BORG Gatelocks complete range!

## 3150 BTB KEYPAD KNOB

This self locking system is designed to be as adjustable as possible, being fully reversible, makes it suitable for left or right handed gates. Using the supplied telescopic fixing screws, makes the Gatelock simple to fit. The two keypads are pre-set to the same code, but can be simply and easily changed to different and separate combinations as many times as required.

- Two marine grade keypads (back to back)
- A special lock case with anti-climb features
- Adjustable latch bolt, designed to fit metal gates of various sizes and types

# CLONE JUST ABOUT ANYTHING, JUST ABOUT ANYWHERE!

With cloning remaining the easiest and fastest way to produce additional transponder keys for automotive applications, Silca remain committed to this business and customers who value reliability, ease of use, and a quality outcome for the vehicle owner. Clone on the benchtop in a shop, out on the road in a van, or just about anywhere with the new RW5 and Smart Aerial Plus devices. Cloud connected cloning calculation power makes the process faster, updates fewer and easier, and prolongs the life of the technology as updates are done in the cloud. Easy to use guided processes take you through step by step, and the process is easier and faster than ever, without sacrificing Silca's industry leading reliability.

**ADVANCED DIAGNOSTICS**

## RW5

The ideal solution for shop based operation, join it to your wifi and set and forget.

- Bluetooth and wi-fi enabled
- Configurable via Silca's MyKeysPro App
- On board screen guides the user through each step
- Compatible with older and newer Silca transponders
- Cloud connected for speed, power, and long-term reliability
- Identify, clone and/or pre-code vehicle transponders
- Free to register and use, no tokens or subscription cost for cloud access

## SMART AERIAL PLUS

The ideal solution for mobile operations, designed to work with Smart Pro, run it from your phone.

- Bluetooth enabled
- Portable, rechargeable
- Snoop functionality included in the device
- Driven from your Smartphone via Silca's MyKeysPro App
- Compatible with older and newer Silca transponders
- Cloud connected for speed, power, and long-term reliability
- Identify, clone and/or pre-code vehicle transponders
- Free to register and use, no tokens or subscription cost for cloud access

# SILCA RW5, SMART AERIAL PLUS, AND GTI-PRO

**NEW**

*adds support for additional vehicles, reducing your stock and streamlining your cloning bench.*

## NEW FROM SILCA: GTI-PRO

Based on the industry leading GTI and GTI-Wedge chips, Silca is pleased to announce the launch of GTI-PRO.

The GTI family of chips is well used and loved by customers for reliability and quality – no weak signal, no corruption, no messing around second guessing if the chip is causing issues or not doing what it's supposed to.

The GTI-PRO has arrived, and adds support for additional vehicles, reducing your stock and streamlining your cloning bench.

### GTI-PRO INCLUDES:

Everything from GTI Glass and Wedge chips:

- Texas fixed & crypto, Philips crypto
- T3, T4, T7, T8, T13, T14, T16, T17, T18, T19, T21, T22, T31 and T32
  - New: T49C (Honda G)
- New: T80+ (DST80 Ford/Toyota/Hyundai/Kia)
  - New: T128C (Toyota H)
  - New: 8C (Temic Crypto)
  - New: Temic T5 (11, 12, 13, 33)

- Pricing is unchanged despite the addition of new functionality, and price breaks are available.

Designed to work with the RW5 and Smart Aerial Plus, the GTI-PRO is also compatible with the RW4Plus machine\*

\* Software update required. # 8C cloning is not available on RW4Plus.

# BDS TML25 MAGNETIC GATE LATCH

NEW

From the makers of the BDS key switch, the new BDS mortice magnetic gate latch is a versatile latching solution for most entry gates.

Designed to be morticed into the gate post, it will work with a standard euro cylinder or a Borg 2000 series sized keypads. It suits 40mm & 50mm posts. When fitted with a BRAVA euro cylinder it is neat and less obtrusive than other gate locks, making it the smallest gate latch solution on the market.

Designed for external or internal metal or timber domestic or light commercial grade gates, doors, access panels. The TML25 mortice latch body and strike plate can be installed to either the gate or post. Made from glass filled nylon for strength and IP67 rated it is ideal for external applications.

- 25 mm backset mortice latch
- Corrosion resistance latch bolt
- Minimum post depth 40 mm
- Face plate 100 x 30 mm
- Body 36.5 x 43.5 mm

**Supplied:**

- 2x euro escutcheons
- 2x strike packer 2.5 mm
- Boxed

WITH BORG KEYPADS

WITH BRAVA EURO CYLINDER

*Visit [lsc.co.nz](http://lsc.co.nz) or talk to your Account Manager for more details.*

## BDS PROBLEM SOLVERS - SCAR PLATES

A simple lock replacement can sometimes be a problem, with oversized holes, scarring, paint marks or door damage. By simply adding a couple of scar plates, get a professional looking fit every time.

- NEF4S**
- 4 button RF remote with slide
  - 6 channel

## Dawn Wallington

*It is with a very heavy heart that we farewell Dawn from LSC. A few years back, Dawns son moved to Australia, has settled there and is raising a family. Those of you with young children or grandchildren who are not close know the calling to be part of their lives is strong, no matter how big or small the part you will play is. After 15 ¾ years working for LSC, Dawn has decided to retire to the Central Coast of NSW, Australia to be closer to her son and grandchild. For those of you who do not know, the Central Coast is a beautiful place with no real extremes of climate. The beaches are perfect and I believe the cafés and social life are not that bad either - absolutely perfect for a very well-deserved retirement. The only downside are the flies, snakes, spiders, sharks (both the 2 legged and the swimming kind) and all the other things that want to eat or kill you. Sounds idyllic to me.*

*Over the nearly 16 years Dawn has been with us (and that is the entire time LSC has been in existence in NZ) she has been a tireless worker and totally dedicated to her task and role at LSC. She will be truly missed by both staff and customers alike. Most, if not all of you at one time or another would have had the pleasure of dealing with Dawn whether in person or by phone and you will know what I mean when I say she embraces the whole ethos of LSC. The customer always came first and she moved heaven and earth to always make sure the customer was a happy customer. She will be a very hard act to follow and is truly a rare breed. We at LSC are truly blessed to have had her working for us and to have worked with her.*

*Farewell Dawn from all of us and enjoy your retirement. You will be missed and you will always be welcome back at LSC NZ.*

# HAPPY CUSTOMERS

**ACCESS LOCK SPECIALISTS (CHRISTCHURCH)**
