Access Just Got Smarter

The KEDRON by McGrath Smart Locks is a sleek and stylish deadbolt designed and developed for the Australian market. Featuring a tempered glass screen and fingerprint reader, this 5 in 1 digital door lock provides a versatile and convenient method of entry that allows you to easily manage who has access to your property.

Utilising the powerful McGrath Locks App, lock and user settings are easily configured and managed. Access can be provided to family and visitors alike through fingerprint, PIN code, RFID credential and eKeys managed via BLE and mechanical key override. The KEDRON is supplied with a door sensor for optional door position monitoring and can be connected to a gateway giving you the ability to unlock your door from anywhere in the world using the McGrath Locks App.

The KEDRON is equipped to suit the most demanding of applications and is supplied with an stainless steel anti-saw adjustable backset bolt and has IP65 weather rating on the outside assembly.

Bluetooth
