## The ABUS Rock Series just got better!

The new ABUS Rock Series has had a serious upgrade.

In doing this ABUS can achieve a higher security rating to previous ABUS Rock models.

Also ABUS have made the new models accept various cylinders, the 570 Oval, the ABUS fig 8 core & a half Euro cylinder (10/30), making this a truly world wide product.

Higher security & multiple cylinder options making it a class about the competition.

**ADVANCED  
DIAGNOSTICS**

# ADVANCED DIAGNOSTICS & SILCA UPDATE

A recent update to SMART Pro Nissan software (ADS2326) extends coverage to a number of late model 2020 – 2025. Where applicable in all keys lost situations the ADC2017 cable is required and connects directly to the vehicle BCM.

**Advanced Diagnostics SMART Pro Software  
for Nissan Mitsubishi Renault**

## Coinciding with this software update is the release of 2 new proximity keys to suit late model Nissan.

The Silca Proximity Keys compatible with Nissan have a similar design to the original key and are supplied ready-to-programme by SMART Pro or similar. Silca automotive keys are packed in a plastic clamshell for

easy identification and hook display and offer a reliable and economic alternative to OEM.

# The Smart Lock Revolution is *Here*

You might have suspected it, but the numbers confirm it — the smart lock industry is booming across Australia and New Zealand. In Australia alone, economists predict that by 2029, more than 1.1 million homes (around 15% of households) will have a smart access solution installed. New Zealand's smart access market is also gaining strong momentum, with homeowners increasingly embracing keyless convenience and smarter security.

For locksmiths, that's not just growth — it's opportunity. Those who embrace this fast-evolving market today will be best positioned to future-proof their business for tomorrow.

In 2025 the Australasian smart lock industry is set to hit a whopping **\$236.5M**, growing at 7.71% YoY!

By 2029: **15.2%** of homes will have a smart access solution installed.

## NZ & AUS 'Metro-Tech's Are Driving Demand

Tech-savvy, convenience focused parents & homeowners looking for 'smart-solutions' to make their lives easier.

### Lifestyle benefits:

Kids safe at home

Easy family access

No more lost keys

## MCGRATH SMART LOCK TRAINING WITH LSC

LSC hosted a McGrath Smart Lock Training Day at Brewtown Upper Hutt in November, bringing customers together for a hands-on look at the range. Across four sessions, attendees joined Michael Dunne and Tim Joyce for product demos, installation tips, and an introduction to the McGrath Locks App.

The training offered a relaxed, interactive environment with plenty of time for questions and real-world examples. Each session gave participants the confidence to recommend and support McGrath

Smart Lock solutions. The strong turnout highlighted growing interest in smart security across New Zealand, reinforcing the value of continued in-person training and support for our partners as we help them grow their knowledge, capability, and customer offering.

The day also encouraged valuable networking, allowing attendees to share insights. A special highlight was the great lunch provided by Brewtown Upper Hutt, which gave everyone a chance to relax, recharge, and enjoy some great hospitality.

## JAAOTY FACTORY VISITS

**The 2024 winner of the John Andrews Apprentice of the Year Award visits Silca and ABUS.**

LSC were proud to host Toby Simpson from Salisbury Locksmiths in South Australia on tours of Silca's factory in Vittorio Veneto, Italy and ABUS' headquarters in Wetter, Germany last month. Travelling to Italy for the first time, Toby and mentor Alan King were joined by Jeremy Pickering and Tom Stokes to check out the most high-tech and sophisticated production site for keys in the world, where over 60,000 different types of keys, at a rate of about one million per day are made.

From keys and machines (and pizza) to padlocks and cylinders we then visited the world class ABUS HQ and campus in "Wetter" Germany. Sadly, it is usually wet there, and this year didn't disappoint. But the ABUS technology, passion for quality and the small details was on full display. The team visited the ABUS World, and saw the famous ABUS museum, alongside production, logistics and the pinning and service centre.

*Congratulations Toby, we hoped you enjoyed your trip.*

# HAPPY CUSTOMERS

**UNICOM NZ**  
AUKLAND

Vennisa from UNICOM is pictured here proudly holding one of the Salto mortice locks. Vennisa and the team at UNICOM have been long-time supporters of smart access solutions. We really appreciate their continued partnership and enthusiasm for innovation in electronic access control. Thanks to the UNICOM team for their ongoing support!

**AUTO INSTRUMENT SERVICES**  
NEW PLYMOUTH

Here is Jason Korff of Auto Instrument Services in New Plymouth with his new Advance Diagnostics SMART Pro. Jason is a new customer to LSC NZ but a customer of exceptional knowledge and already known industry wide for his prowess with EPROM and willingness to assist anyone with a hard task. Thanks for adding the Advance Diagnostics SMART Pro to your war chest and happy OBD programming!

**LOCK TECH APPRENTICE TRAINING INSTITUTE**  
TOKOROA

Pictured here is the future of our industry. Locksmith Apprentices receiving training by none other than Fraser Burns at the Lock Tech Apprentice Training Institute in Tokoroa. Lock Tech Limited are doing great work for our industry and LSC is proud to continue to support this fantastic organisation.

**BEGGS SECURITY GROUP**  
CROMWELL

Adam Bastion, Locksmith Manager at Beggs Security Group Cromwell is pictured here testing a McGrath Hamilton alongside our very own Warren Nelson, National Sales Manager LSC. Warren was very impressed with the Beggs Cromwell operation and can't stop raving about how fantastic the weather and scenery were in Central Otago. Thanks to the team at Beggs Security Group Cromwell for their fantastic hospitality.

# THE LOCK FOCUS RV RANGE HAS EXPANDED

**NEW**

**Lock Focus has expanded the RV single key range to include round end compression latches.**

These latches are used on RV Ute canopies, tool-boxes, camper trailers and tradie trailers. They are available in black powder coated and chrome plated finishes and operate on the standard LF exchange barrel key profiles (CX7, LF31R, LF37 & LF24). You can purchase these in retail display pack or bulk quantities at more economical pricing. All product is supplied less barrel, with barrels available as a special order.

**Lock Focus Round End Push Button
